Good afternoon Jeff,

Thank you for reaching out for clarification. As the letter did not request specific information from WSDA, we did not prepare a formal response other than notification that we received the letter on May 12, 2022. The letter did say that EPA would be reaching out for further information. Our work continues in the Lower Yakima Valley. I'm happy to facilitate further discussion if EPA has questions geared toward the work and authorities under WSDA.

Best,

External Email

Kyrre – I wanted to reach out to see if EPA should expect a response from Washington Department of Agriculture to the letter we transmitted to state and local Agencies on May 12, 2022. We have heard from all the other Agencies. Please let me know.
